BILL HUSEBY, PRESIDENT

Bill Huseby's experience and accolades span over 30 years in the mechanical design and product development sector. As the 'Captain' of **SIGMADESIGN**, Inc., he has transformed a small mechanical engineering group into an award winning, vertically integrated product design and development company. With the corporate office and manufacturing facility in Camas, WA, an office in Singapore, and clients around the globe, Bill understands the value of making timely decisions. Prior to leading **SIGMADESIGN**, Bill spent 16 years at Hewlett Packard as an R & D Engineer as well as leading several manufacturing engineering teams. He has received many awards and has 8 U.S. Patents. Bill holds a Bachelor's of Science degree in Mechanical Engineering from Stanford University.

When he is not steering the **SIGMADESIGN** vessel, Bill enjoys captaining his own sailboat. He has crossed the Pacific Ocean several times coming away with three victories.

ABOUT **SIGMADESIGN**

SIGMADESIGN, a product design and engineering firm headquartered in Camas, WA, offers professional services that support projects from concept through production. **SIGMADESIGN** provides turnkey solutions for projects through solid engineering, broad experience, and focused execution.

The firm was founded in 1994 to serve product design needs of the US Pacific Northwest. With company growth including opening an office in Singapore, a manufacturing facility in Vancouver, Washington, and a new headquarters in Camas, The firm's expertise and services take ideas from concept through production with assistance at any stage in the process.
