**SIGMADESIGN** to hire 100+ for Cincinnati Aerospace Company.

**(June 30, 2020)** – **SIGMADESIGN** to hire over 100 employees to meet demand for an Aerospace and Defense company in Southern Ohio. The Aerospace Company (HDT Global) requires the additional employees for a large government defense contract recently secured. The range of positions needed includes Engineers, Designers, Technicians, Technical Writers, and Illustrators for two different locations.

**SIGMADESIGN**'s staffing division will be conducting recruitment searches and interviews in order to fill this demand for the client. In addition to **SIGMADESIGN** being a product development and engineering services firm, the company also offers technically-focused staffing and recruiting solutions. The ramp up of hiring begins in July.
