## Sigma Design to Showcase Comprehensive Product Development and Staffing Solutions at XPONENTIAL 2024

**(March 5, 2024)** – San Diego, CA – Sigma Design, a leading provider of comprehensive product development services, is excited to announce its participation in the upcoming XPONENTIAL 2024 show. This premier event, scheduled for April 22 to April 25, 2024, at the San Diego Convention Center in San Diego, California, is the definitive gathering place for the aerospace, defense, and uncrewed systems industries.

Sigma Design is dedicated to offering a full spectrum of services designed to bring companies the expertise they need to achieve their project needs. With a focus on sectors such as aerospace and defense, where precision, reliability, and innovation are crucial, Sigma Design's presence at XPONENTIAL 2024 in Booth 3948 underscores its commitment to excellence and partnership in these critical fields.

***Showcasing a Range of Solutions:***

Attendees visiting Sigma Design's booth 3948 will have the opportunity to explore a wide array of services tailored to the needs of the aerospace, defense, and uncrewed systems industries, including specialties and comprehensive services under the categories of design, engineer, build, and test:

**Design:** Industrial Design (ID) and Product Development

**Engineer:** Controls Engineering (CE), Electrical Engineering (EE), Firmware (FW), Mechanical Engineering (ME), Process Engineering (PE), Project Management (PM), Software (SW), and Systems Engineering (SE).

**Build:** Cable Assembly, Contract Manufacturing (CM), Fabrication & Machining, Production Assembly, and Prototyping. **Test:** Testing Services via dedicated Test Lab with ISO/IEC 17025:2017 Accreditation for Testing/Calibration Laboratories, including battery-specific testing. Quality Assurance to ensure product reliability and compliance.

***Staffing Solutions:***

In addition to showcasing product development capabilities, Sigma Design will highlight its robust staffing department. This dedicated team assists clients in navigating resource needs, offering staffing solutions that ensure their projects have access to top-tier talent.

***Join Us:***

We invite all attendees to visit the Sigma Design booth 3948 to learn more about how we can support your next project from concept to completion. Our team is excited to engage with industry professionals and discuss how our integrated services can address the complex challenges of the aerospace, defense, and uncrewed systems industries.
